

Slow Dance

Freddie Jackson

Uhhh baby
Well, well. Well, well. Well, well, well.
Here we are sitting in the kitchen
Talking 'bout the bills
The taxes and the tuitions
We've been working hard
But things are finally getting better
So let's put it on pause
And pull out some old records

repeat Chorus
We need a slow dance some romance
Cause we both been on the go
So put Marvin on the stereo
We need a slow dance a little romance
And a little midnight kissing
Girl I've been needing missing a slow dance

There you are you don't look a day older
Still fine as wine
With that dress hanging off of your shoulders
Can I spend you around
Like they did in the old movies
Hold the small of your back
And glide you to Prince's Do Me Baby

repeat Chorus
Slow dance some romance
Cause we both been on the go
With Sada on the stereoooo
We need a slow dance a little romance
Just a little midnight kissing
The kind that we've been missing a slow dance

Let's take time to get away
But no reservations needed today
Talking more affection throughout the day
Red candles on the dinner table
Them blue lights in the basement

repeat Chorus
We need a slow dance some romance
Cause we both been on the go
Billy Ocean's on the stereo
We need a slow dance a little romance
And a little midnight kissing
Girl I know that you've been missing a slow dance

A slow dance, some romance
Cause we both been on the go
With Freddie on your stereo
We need a slow dance a little romance
And a little midnight kissing
And the kind that we've been missing a slow dance
We need a sloooow a sloooow slow dance
The kind of mood I'm after is Anita Baker's Rapture
We need a sloooow a sloooow slow dance

Remember baby you are my lady
Slow dance some romance
We got to take it take it nice nice and slow
Slow dance a little romance
