

Until The End

Freddie Jackson

Oh oh oh
My friend

When the weight of the world
Sits on your shoulders
And there's nobody there
That you can talk to
And you're not really sure
Who you can lean on
Please know that I am here
Believe me I do care

No need to worry
Know that I'm here to lift your load
And no matter what
You can always count on me

I'm on your side
Through thick and thin
On me you always can depend
I am your friend
When times get rough
You've had enough
Just know that I am here
I'll carry you
Oh
Until the end
Oh
My friend

I remember the times
You stood up on me
Sacrificed all of you
Made sure that I pulled through
Out of all that I know
You're the one who showed
Me how to trust my self
Find strength hidden within

You gave me shelter
You walked beside me down the road
Each and every time
You opened up your heart and oh

I'm on your side
Through thick and thin
On me you always can depend
I am your friend
When times get rough
You've had enough
Just know that I am here
I'll carry you
Oh
Until the end

Oh and if you should fall
We'll fall together

Because together we will rise
That's what people do
When they profess
Profess to love each other
Do all you can do
And remember one day
You just may need a helping hand
Cause what goes up must come down
And then back around
Worry no more cause I'm your ride or die
Yes I am

I'm on your side
Through thick and thin
On me you always can depend
I am your friend
When times get rough
You've had enough
Just know that I am here
I'll carry you
Oh
Until the end
Oh

I I just want you to know
That I I am your friend
Lean on me
I'm here until the end
Whatever you want
I am your friend
Lean on me
I'm here until the end
Whatever you need
Oh oh oh
I'm your ride to die to die to die to die to die
Friend
You were there for me
Oh yea
You gave me shelter
You walked beside me down the road
Down the road
Oh yea, oh yea, oh yea, oh yea
Now it's my turn to be there for you
Always gotta be there
Gotta be there
Gotta be there
Yea yea yea
You helped me to love myself (ooh)
Again and again and again and again and again
That's what friends will do (That's what they'll do)
My friend (my friend)
My friend (my friend)
My friend until the end
