

Why

Freddie Jackson

Why
Tell me
Oh-oh-oh-oh

Sittin' around talkin' to some friends of mine
Conversation came up, question why
We are doin' things that are on our minds
And what we all agreed upon
We're livin' in the worst of times

What can we do about it?
We got to stand up
Tell them we won't be ignored no more

Why
Tell me (why)
Tell me (why)
I wanna know
Tell me (why)
Talk to me (why)
Tell me (why)
Why
Do we hang our head in shame?
Who's to blame?

I'm not the kind to run away and hide
I speak the truth, it comes from deep inside
If we don't protect different frat
We're in our hands, without a chance
Then we'll never survive

Do something about it
We got to stand up
And tell them we won't be ignored no more

Why
Oh, tell me (why)
Tell me (why)
I wanna know
Talk to me (why)
Tell me (why)
I wanna know (why)
Why
Why, why, why, why

The road ahead could be so much brighter
For us, but we've gotta join hands together
The world could be united as one
But we gotta learn how to love and try

(Why)
(Why)
I wanna know (why)
Tell me, tell me, why
Why, why, why, why (why)
I need to know (why)
Tell me so (why)

Everybody, everybody, everybody

Stand up
Get up
Tell 'em wrong
Come on

Everybody, we gotta stand up
Come together
United as one
Somebody got to tell 'em (everybody stand up)

What we gonna do, what we gonna do
Tell me why
I wanna know, I wanna know
Why, why, why, why
We're goin' crazy
I wanna know (I wanna know)

Talk to me
Why, why, why, why
