

In My Defence

Freddie Mercury

G **Emi**
In my defence what is there to say
C **D**
All the mistakes we made must be faced today
G **Emi**
It's not easy now knowing where to start
C **D**
While the world we love tears itself apart

G **G/F#** **Emi**
R: I'm just a singer with a song
C **D**
How can I try to right the wrong
G **G/F#** **Emi**
For just a singer with a melody
C **D**
I'm caught in between with a fading dream

G **Emi**
In my defence what is there to say
C **D**
We destroy the love it's our way
G **Emi**
We never listen enough never face the truth
C **D**
Then like a passing song love is here and then is gone

R:

C **D**
Caught in between with a fading dream
C **G**
Caught in between with a fading dream
Emi **C**
Oh what on Earth oh what on Earth
Emi **C** **D** **G**
How do I try do we live or die
C **G**
Oh help me God please help me
