

Bad Luck

Fredo Bang

Fucking like we fucked before
Loving like we loved before
Friends thinking we ain't nothing though
Don't tell them no

You gotta

Face down, ass up
Bag up, the condom broke, bitch you bad luck
Bad luck
I done loved my bitch, bad luck

Bad luck
Girl that head a plus, ad up
Watch her ride the dick till she tear it up
Tear it up
Bitch you bad luck

I said "baby spread your legs, know I'm tryna fuck with that"
Imma flip you over, tryna rip it from the back
You my bitch but not my bitch, want that bitch, we share that bitch
Squeeze your neck and suck your tits, she on top and throw a fit
Wanna slide back, ok
Tryna leave it on your face
Like bitches that go both ways
Put it in your teath Colgate
Pull up and drop some dick
I need that top and shit
I need that sloppy shit
Stop tryna talk, just ride this dick

Face down, ass up
Bag up, the condom broke, bitch you bad luck
Bad luck
I done loved my bitch, bad luck

Bad luck
Girl that head a plus, ad up
Watch her ride the dick till she tear it up
Tear it up
Bitch you bad luck

She say she ain't had enough yet
Let's go one mo gen
I'm gon stick it deep, Imma stick bout 10 in
Ride this dick like [?], come and get your soul out
We can make a movie, baby, can I pull my phone out?
Put it in your mouth, don't choak
Imma leave it in yo throat
Imma hit you with this stroke
Beat the pussy up slow
You my lil freaky bitch, nobody gotta know
You that ocean water, baby, let me drive the boat
