

# Face Down

Fredo Bang

Tay Keith, fuck these niggas up  
Back on my bullshit...

Grab the sticks, and let's ride out (ride out)  
When it's beef, we bring that iron out (iron out)  
Yea, When I catch em, I'ma lay em Face Down (lay that nigga down)  
I just got the drop, I'm on my way right now (my way right now)  
When I catch em, I'ma lay em Face Down  
I just got the drop, I'm on my way right now (my way right now)  
When I catch em, I'ma lay em Face Down (lay that nigga down)  
I just got the drop, I'm on my way right now...

We keep rulers for lil' boys that think they grown, yea  
I'm a gangsta, when you talking watch your tone  
Ain't got no sympathy, that bitch was in the wrong  
I'm real petty, you can die just for a song  
Hit em in his chest, make a nigga pop lock  
I'ma do the Dougie every time I get a drop  
You know I throw them fours, but I'm screaming free Lil Bop  
The conversation about murder if we bringing up a opp  
.556, .223 just left the pawn shop  
Glock how my Glock cock, Osama giving head shots  
Don't play with kids, I'm tryna put a bitch to bed now  
When I catch em, I'ma lay that nigga face down...

Grab the sticks, and let's ride out (ride out)  
When it's beef, we bring that iron out (iron out)  
Yea, When I catch em, I'ma lay em Face Down (lay that nigga down)  
I just got the drop, I'm on my way right now (my way right now)  
When I catch em, I'ma lay em Face Down  
I just got the drop, I'm on my way right now (my way right now)  
When I catch em, I'ma lay em Face Down (lay that nigga down)  
I just got the drop, I'm on my way right now...

I drop 10, I drop 20, that ain't shit to me  
When you speak on T.B.G., that's when you gotta see  
When it come to slangin iron, bitch I'm a prodigy  
Pull up in the 4 tho, slangin iron right where his mama be  
We fucked em up, it ain't no beef, it ain't no robbery  
He hit the news, we celebrated like the lottery  
I tried to change my ways, but anger still inside of me  
Caught em in the whip, 187, this ain't robbery...

Grab the sticks, and let's ride out (ride out)  
When it's beef, we bring that iron out (iron out)  
Yea, When I catch em, I'ma lay em Face Down (lay that nigga down)  
I just got the drop, I'm on my way right now (my way right now)  
When I catch em, I'ma lay em Face Down  
I just got the drop, I'm on my way right now (my way right now)  
When I catch em, I'ma lay em Face Down (lay that nigga down)  
I just got the drop, I'm on my way right now...

Tay Keith, fuck these niggas up  
I'ma lay em down, yea  
I'ma lay em down  
I'ma lay em down...
