

Fool For Love

Fredo Bang

Tell me what's the play
And we could run it like a audible
Know I love your ass, I keep it real and I go hard for you
Left my kids up in you, got me feelin' like a father too
I buried my heart
You dug it up just like you just fought it too

Keanna broke my heart
I drunk a pint to help me feel better
When I hurt your feelings I buy a bag and hope you feel better
Wonder would you love me if I was broke and I rocked Hilfiger
Your friends talked shit about me 'cause they never had a real nigga
Keep my guard up, I block you out when you try to pick my brain
He gave you the fake so having real might come off to you strange
When we text and conversate I can't relate
My mind on other things
Wanna give you all I got but I been broke, and I can't give you change

Oh yeah, mhmm
How you doin baby
Say you got some love for me, gonna give it to me baby
Fuck the blogs and that computer love
Give you all I got, I be a fool for love
Oh yeah, mhmm
How you doin baby
Say you got some love for me, gonna give it to me baby
Fuck the blogs and that computer love
Give you all I got, I be a fool for love

I might not talk a lot, it make me happy just to see you smile
Put you right on side of me in the Lamb
You say you down to ride
I pull you hair out, arch your back
I smack that ass, I give it five
And when you get to bitchin' I know you need that dick, it been a while
Oh oh, I stick it deep I'm tryna touch her soul
I catch one and she catch two, but she want some more
I make it twitch I make it spit, I leave it soaked
Throw it back now tell me who that pussy for

Hmmm yeah, tell me who that pussy for
Hmmm yeah, yeah, tell me who that pussy for
Hmmm yeah, yeah, tell me who that pussy for
Hmmm yeah, yeah, huh, tell me who that pussy for

Oh yeah, mhmm
How you doin baby
Say you got some love for me, gonna give it to me baby
Fuck the blogs and that computer love
Give you all I got, I be a fool for love
Oh yeah, mhmm
How you doin baby
Say you got some love for me, gonna give it to me baby
Fuck the blogs and that computer love
Give you all I got, I be a fool for love

Hmmm yeah, tell me who that pussy for

Hmmm yeah, yeah, tell me who that pussy for
Hmmm yeah, yeah, tell me who that pussy for
Hmmm yeah, yeah, tell me who that pussy for
