

Hate Me

Fredo Bang

I kept it real from the very start
I seen the light straight through the fuckin' dark
He disrespect, I line him up with chalk
A big dog, but I ain't gotta bark
They sent some shots, but I ain't got a scar
That's prolly why they mad and hatin' on ya' boy
I came home broke as shit, ain't throw a fit
I got that shit up out the mud and made you witness it
Tell 'em, "Get off my dick, I'm too legit"
To go respond to a nigga tryna tie my name to some rattin' shit (On my mothe
rfuckin' dick)

Q1 and 2, I made a hook up with Lil' D
On A3, was tight with Long even though we disagreed
A2, dappin' down Smug and Ken and Block was my cellmate
He talkin' like he'll try me, but ain't do it to my face
And that's four opps that used to be my friends
I still got love for Kray, I got 'em when he touch again
Nemo my dawg, I had his back when we was up the road
Prolly think I'm lyin', but I'd never try to take your soul

You look at me, you lookin' at the fuckin' realest, yeah
In my city, I'm the big ape
I paint the concrete red (Red)
Cut the head off of a big snake (Oh)
And I don't know why they hate me for
And I don't know why they hate me for

Dodged a conviction, then I dodged a coffin
Thought it was God who had my back, but I don't pray too often
But that don't mean I don't believe
I'm not emotional, my heart just on my sleeve
Prayin' for Lil' Yoshi, hopin' that they let 'em free
But nowadays niggas big hate
Got it out the gutter, drive a shuttle, I'm big straight
Flyin' through the Metro
It's up forever, bitch, it's still smoke
Shots through the window, let a switch blow
Choppas on deck still, niggas know it's wreck still
Big spiller, still'll hit your block and leave a set killed
Beb and Leeche gon' forever be my brothers
And I could never kill 'em, 'cause I love them niggas' mothers
On game, I know Larry feel the same
Rest in Peace Bo and Teka, this shit bigger than fame
Few people died, made a couple niggas pick a side
I just wish before the blood was spilled, we could've split the pride

You look at me, you lookin' at the fuckin' realest, yeah
In my city, I'm the big ape
I paint the concrete red (Red)
Cut the head off of a big snake (Oh)
And I don't know why they hate me for
And I don't know why they hate me for (Oh)
And I don't know why they hate me for
And I don't know why they hate me for (Oh)

You look at me, you lookin' at the fuckin' realest, yeah
In my city I'm the big ape

I paint the concrete red (Red)
Cut the head off of a big snake (Oh)
