

Kill Ya

Fredo Bang

Ayy like, I believe in God, but
I do not believe the Bible, that shit a lie
You know what I'm sayin'
PlayBoy on this bitch but he ain't playin' though

I keep that stick everywhere I go (Where I go)
'Cause these niggas want my soul (Want my soul)
My heart black like a crow (Like a crow)
And my whole city know (Yeah they know)
That lil' nigga there'll kill ya (Mm-mm)
That lil' nigga there'll kill ya (Mm-mm)
That lil' nigga there'll kill ya (Mm-mm)
That lil' nigga there'll kill ya

Don't like niggas in my face, yeah (Get out my face, yeah)
I keep this weapon on my waist, yeah (It's on my waist, yeah)
The trip there light like some blonde hair (It ain't safe here)
Bang Biz, we don't play fair
Wherever we catch you, you gon' lay there (You gon' lay there)
You better go and ask the last pair (See you later)
Hit his ribs 'til his lungs tear
Leave him bloody like a steak, rare
You know I keep some ammunition
And I promise I'm not missin'
Send a body for that dissin'
Don't believe in Bibles, but extensions
Hit the one that knocked the fender
We gon' put him in a blender
My shooter dressed up like a ninja
You know Yoshi, that's my nigga

I keep that stick everywhere I go (Where I go)
'Cause these niggas want my soul (Want my soul)
My heart black like a crow (Like a crow)
And my whole city know (Yeah they know)
That lil' nigga there'll kill ya (Mm-mm)
That lil' nigga there'll kill ya (I want all the smoke bitch)
That lil' nigga there'll kill ya (Mm-mm)
That lil' nigga there'll kill ya

My youngin hit my line, he got his first one today
He say it's up there then it's stuck there, gotta keep it that way
These bullets charity, we give these hollows away
And none of us had threw up when we put our first one away
I got murder on my mind, I think I'm goin' insane
The only way you join the gang is if I'm diggin' your aim
Hit that nigga with the cutter, you can't wash out these stains
And bitch I am an ape but I can never be tamed

I keep that stick everywhere I go (Where I go)
'Cause these niggas want my soul (Want my soul)
My heart black like a crow (Like a crow)
And my whole city know (Yeah they know)
That lil' nigga there'll kill ya (Mm-mm)
That lil' nigga there'll kill ya (Mm-mm)
That lil' nigga there'll kill ya (Mm-mm)
That lil' nigga there'll kill ya
