Big cutta that I bought for my big brudda
That bitch slice a nigga neck just like butter
Pull up on a nigga block burnin rubber
And you know we dumpin clips I did not stutter

40 glock AKs cutta cut like switch blades
Spin a bend spin a bend spin a bend
40 glock AKs cutta cut like switch blades
Fuckin on his baby momma I know where his head lay

And lately I been keepin that pistol off safety
Gotta keep it on me you know niggas they be hatin
And latley I been keepin that pistol off safety
Catch em imma stretch em imma rocka by that baby

Top of the month my shooter say he need his rent paid
I teach these niggas how to step like I'm they sensei
He drop a diss I drop a bag I get the bill paid
Niggas talk like hoes I give a fuck bout what a bitch say
Pull up on your block ya bitch you know its murder
When they went to jail they was hollerin like some turtles
Pull up with the chop stick
Bitch you know I drop shit
Put him in a wheel chair you would think he bang crip

40 glock AKs cutta cut like switch blades
Spin a bend spin a bend spin a bend
40 glock AKs cutta cut like switch blades
Fuckin on his baby momma I know where his head lay

And lately I been keepin that pistol off safety
Gotta keep it on me you know niggas they be hatin
And latley I been keepin that pistol off safety
Catch em imma stretch em imma rocka by that baby

Niggas run they mouth they showing off I'm in they drive way
Before he switched to go in park we shootin sideways
Cuttas on deck since everybody wanna be hard now
Pull up broad day and blow a kiss go talk to God now
Put 60 in the whip then double back to watch the crowd grieve
I watch detectives pick up shells from the crime scene
I up this bitch in public you won't ever see me catch the fade
100 meter dah do pull the trigger watch em relay
Hit the wrong nigga had to tell lil one my mistake
I just do it wherever I catch you nigga imma make you pay
I ain't with no talkin pick your coffin cause you finna lay
I walk up broad day head shot the holler gee way

And lately I been keepin that pistol off safety
Gotta keep it on me you know niggas they be hatin
And latley I been keepin that pistol off safety
Catch em imma stretch em imma rocka by that baby

And lately I been keepin that pistol off safety
Gotta keep it on me you know niggas they be hatin

And latley I been keepin that pistol off safety
Catch em imma stretch em imma rocka by that baby
