

Overthinking

Fredo Bang

Mm-mm

Mm-mm

I got lost, tryna follow my heart
Blinded by love like I'm stuck in the dark
Mm-mm
It's really simple why you make it so hard?
If we locked in why you not playin' your part?
Mm-mm

'Cause I been thinkin', baby
Back n forth my mind been racing
How I'm feelin', ain't no way we gon' make it
I been busy overthinkin' (overthinkin', overthinkin', overthinkin')

'Back n forth my mind been racing
I been busy overthinkin' (mm-mm)

How you movin' got me real irritated
Started off good, now it's feelin' outdated
You always pop up in my mind, damn, I hate it
My soul unbalanced, think I need to calibrate

I buy you Prada when I'm proud of you
New Gucci 'cause your coochie glue
30 thousand in Balenciaga
Jimmy Choo because I'm choosin' you

One day you say I'll make you happy
Next day we ain't even cool
I can't be your lover and opp
You gotta pick and choose

'Cause I been thinkin', baby
Way this goin', we won't make it
Don't like the energy but I don't say it
I'm not happy, and I will not fake it

'Cause I been thinkin', baby
Back n forth my mind been racing
How I'm feelin', ain't no way we gon' make it
I been busy overthinkin' (overthinkin', overthinkin')

Back n forth my mind been racing
I been busy overthinkin' (overthinkin', overthinkin')
Back n forth my mind been racing
I been busy overthinkin'

Ayy, I'm feelin' like that they ain't really with me (with me, with me)
I'm feelin' like that they ain't really with this army, baby
That pussy good, I'll buy you more than Fendi
This hit on my side, I just cannot leave my .30, baby

I wanna talk so bad and I'ma go and get it
I know it's gon' be mine
God done this bitch so bad and I just wanna hit it
Just let me make you mine

Uh, the rug start livin' on it (living, baby)
I'm broke inside and I don't think that I can stop it, baby
I can't even throw it out my mask (I can't even throw it out my mask)
You with me? Get busy

Say how they did me, can't stop totin' switches
Get rich as fuck and go, but then they reach
They slimey ones know they was never with me
At all

I got loves, tryna follow my heart
Blinded by love like I'm stuck in the dark
It's really simple why you make it so hard
If we locked in, why you not playin' your part?

'Cause I been thinkin', baby
Back n forth my mind been racing
How I'm feelin', ain't no way we won't make it
I been busy, overthinking
(Y'all won't take it, y'all won't take it)

Back n forth my mind been racing
I been busy, overthinking
(I been busy, mm-mm)
(I been busy, mm-mm)
(I been busy, mm-mm)
(I been busy, I been busy, mm-mm)
