

Say Please

Fredo Bang

Don't leave me lonely
Don't leave me lonely
Don't leave me lonely
Don't leave me lonely (Yeah, yeah)

I need you to stay by my side
With you, I'm always satisfied
Without you like walkin' in the glide
I ain't tryna save my goodbyes
I'm just tryna make shit clear
Tell me what you want, what you wanna hear
Tell me what you need
Tell me, do I got to beg for it?
I'm not scared to say, "Please"

Jheez, who gon' love you better? Who gon' fuck you better?
Who gon' make you scream? Who gon' make you cream?
It ain't nobody
Can't nobody touch ya body
Rub ya body, hug ya body, love ya body
She tried to fuck another, find another love
She say, "The dick was nothin', you know I really thug it"
And I say, "Tell me 'bout it"
That lil' pussy for me, and I'ma die about it
I'ma ride about it, I'ma slide 'bout it
I'll probably cry 'bout it
I'll probably do time 'bout it (Uh, uh, uh, uh)

Don't leave me lonely
Don't leave me lonely (Yeah)
Don't leave me lonely (Yeah)
Don't leave me lonely (Yeah, yeah)

I need you to stay by my side
With you, I'm always satisfied
Without you like walkin' in the glide
I ain't tryna save my goodbyes
I'm just tryna make shit clear
Tell me what you want, what you wanna hear
Tell me what you need
Tell me, do I got to beg for it?
I'm not scared to say, "Please"
