Damn Chose

I take meds to fight my demons
I drop pills up in the pink

Don't believe and checking in bitch I'm going where I can't
Take them sticks up on the road cause we be spinnin' out of state
Big spinner, my ex bitch go in get the rental
If it's sunny outside we walk down until he tember and I don't
like to chase when I catch him put this Draco to his face

Put that stick on yo partner to his face now his face gone
I just seen his momma in the hood, told her "Stay strong"
Shooters they gon' slide, they gon' ride when I say so
He say he got steppers, I ain't hiding, what they waiting for?
I'm like "Bitch what you waiting for?" I ain't dead yet, what you pay for?
Shooters they gon' slide they gone ride when I say So he say he
got steppers I ain't hiding what they waiting for?

When it's smoke I fly to you on a red-eye
I got the drop, I got my shooters, they on standby
I fucked that bitch and she won't snitch, I got her hands tied
It ain't a body in my city that I can't buy
I dropped a hundred on my shooters niggas hungry
But I can do it by myself bitch I'm big homie
Find a opp and get him done you get a cash run I spin that block
let off the Drac you'll think it's Fast 5

Put that stick on yo partner to his face now his face gone
