

Take Risks

Fredo Santana

[Hook:]

Tryin to get some money gotta take risks
Hit the highway up we like 8 bricks
Fuck the police you gotta take trips
Put your trust in yourself don't ever trust a bitch
Hit the kitchen up and water whip
You gotta stretch that work you wanna be rich
Tryin to get some money gotta take risks
Tryin to get some money gotta take risks

[Verse 1:]

I'm a super savage, got a money habit
I'm addicted to bad bitches I gotta have it
Fear risks every day transporting cabbage
In and out of state moving like a chad rabbit
Whole lot of drugs on me gotta meet the casket
Cable boy on the block, tryin to make it happen
Everybody in the squad ain't no fucking rapper
Try and poke me if you want I'm a get to clappin
They know who to call scorpion's beyond the package
Money longer than train tracks, ye I'm cashing
Loud men from California and he ain't taxing
One shipment a month nigga and I'm relaxing

[Hook:]

Hit the highway up we like 8 bricks
Fuck the police you gotta take trips
Put your trust in yourself don't ever trust a bitch
Hit the kitchen up and water whip
