

My class of kids ain't studying behind a desk (No)
I got them doing homework by your guy's address (For real)
I told them the more you need is heart and patience, know I'd provide
the rest (Hundred)
Know them man got birds, I guarantee we find the nest
I ain't tryna slip, that's why I mind my step
And the floor gets way more wet, than you been rockin' iced Pateks (P
shh)
Wonder who wan' find me next, I'm ready though
Who might it be?, I'll never know
Last year I came in light, but this year is my heavy flow
This not nice when I rock ice, and all these eyes ain't the same (Sam
e)
'Cause I seen jealous eyes, seen happy eyes, seen eyes full of pain (Woah)
I learn a pair of eyes will tell you stuff your guys wouldn't say
A lot of rappers eyes will tell you lies, so they hide them in shame
(Hidin')
My mummy begged me get a 9 to 5 and never was that
'Cause I really know niggas in prisons living better than that (Real
talk)
They found my crackhead layed out, yeah he was dead in the trap (Dead
)
It could of been my darg, and since then I ain't never been back
R.I.P Russ

No, don't let me get the drop when you're done
I was 14, and I stopped going shopping with my mum
She said "Why?" I said "I got beef", she's like "What have you done?"
I said "Mum, It's not me, It's just what I've become"

How could you doubt the boy and say I'm not the one (How?)
Slumdog millionaire and now look what I've become, ay, ay
I told her "Fuck your baby daddy, eat a plum"
At one point, everywhere I went I had my-
Little with the pocket rocket, I hit you in your mug
A pound for every time I wish I never showed them love
And I can't take a tug, I got this blam and now I'ma thug
And she just wanna fuck 'cause she ain't tryna kiss and hug
Look, I got this baby girl, she lives up in the bricks
And she always tells me everything, she in the mix
She love my name, she got it tattooed on her tit
But we ain't spoke ever since I got nicked
My g, I went guilty, I was hoping for a six
They locked up all my g's, It's lookin' lonely in the six
11 like a warzone, I'm like Stanley to the Crips
And I be in the bando, but it's jumping like the Ritz, ay, ay

No, don't let me get the drop when you're done (Done)
I was 14, and I stopped going shopping with my mum (Shoppin' with my
mum)
She said "Why?" I said "I got beef", she's like "What have you done?"

I said "Mum, It's not me, It's just what I've become"
