My top is Lizzy, don't even touch me
Rap about the streets so these young niggas love me
These Valentinos cost the same as my pumpy
Call me Selfridges, the west gyal love me
Tops from a robbery
Shoes are from cunch fiends
So these feds hate the life that I live
We are talkin' about Zeds, I put five on the strip
But I'm missing my sales when she's whining them hips
Today its Gucci designing my kicks
Its funny cause double G's the size of her tits
Yeah, I just caught Mercedes all liking my pics
Its funny cause Mercedes designs all my whips
The suns out, my guns out
Babe come to the fun house
I need ten thousand to come to the club now
I think that she likes me
She wants to be wifey
Nice and she spicy
Reminds me of Chinese

Getting money off of my Lyca number
Give my yungens food then they will likely bump ya
Tits sit right and I'll like the bumper
Give gyal my phone they write the number
Sitting in jail so I write my younger

Got three years he will do slightly under
But he can't keep having fights in jummah
In the club, I ain't into whining and dancing
Them man there dabbing
My diamonds are dancing
You know I'm Fred babe so why are you asking?
I'm lean like them shoes you buy in the market
I'm shopping in up town
So tell them to come round
I've got so much yak in this yard it won't run out
I don't run for the bus now I'm bus down
Babe I don't want your love cause I love pounds
