Hating us niggas
They be hating on this
Fredo be buying new bits of the dust he's a shotaholic
And my boo rocking on this and I'm the only one she wanted

Man they hating on Fred
This life must be good
I'm right in the hood like I my write a book
My boo don't like how I grind in the hood
She ain't going nowhere I'm piping her good
Man my ting from North loves running her lips
And I can't bad her up cos my guns in the crib
Treat my ladies the same way I come with my bricks
Give them the press and turn 1 into 6
Niggas talk 'bout the trap, they ain't nuttin' you did
Yeah we do shows and clubbing and shit
But I dance with the devil and hug on my stick
So gang units still love to run in my bit
I just flooded my wrist, the Benz out front
I was begging for lunch then some pebbles to cunch
Smoking on cookies, you settle for crumbs
Man you move like a bitch so it's better you run
Having issues with niggas you settle with tongues
If I'm feeling an issue then I'm getting my gun
Used to sit in my cell and write letters to mum
Now I pay her bills at the end of the month
Little homies in Uber collecting some grub
Same time I'm with Lula collecting some uck
My shoes cost a whole stack, you already know that
Still I'll swap it all just to have my bro back

Hating us niggas

They hating the kid, man they hating the kid
I just cook up the work then I wait for a bit
All these pretty girls always wanna stay for a bit
They don't even know feds love raiding the crib
Man it's bait where I live
I just wake up and get myself straight to the strip
Either traffic or stabbings I'm late to a vid
Them man there are dissing, I'm making them sick
But I can't entertain them, they're blatantly pricks

I'm a awkward yute
My bro got a brick so I ordered two
And gyal come link me round twenty past
And I bet she be bussing it by quarter to
Anything that I'm wearing course it's new
Same goes for my chick so she's sort of rude
Man we slide in them foreign whips, ain't with the politics
Gave my jeweller racks for these chains, I didn't borrow it

Hating us niggas
They be hating on this
Fredo be buying new bits of the dust he's a shotaholic
And my boo rocking on this and I'm the only one she wanted
