

## Mulla

Fredo

All I need is the Mulla, nothing else  
Live my life, share my wealth  
All is good, all is well  
I ain't never gonna need no help  
All I need is the Mulla, nothing else  
Live my life, share my wealth  
All is good, all is well  
I ain't never gonna need no help

I ain't never gonna need it I'm bossed up  
All these niggas are shit they come like bosh grub  
Man I'm always in the right but I've done wrong stuff  
Every minute ones dead or one gets locked up  
But I'm tryna get all of that  
Takin' 'bout goons I got all of that  
So approach with caution cuz broski walks with that  
Yeah he's takin' a risk, can't lie man I'm takin' the piss  
Cuz I beat in the toilet she ain't seeing my crib  
Takin' 'bout stars it's givenchy the drip  
If I'm wearing jewels that's a star on my hip  
I came from a block where we never had shit  
But we're tryna get rich serving shots to Patrick  
John phoned three times that's a fucking hat trick  
I had twenty racks stored up in a mattress  
If nanny found out man she would have been pissed  
Man she would have been pissed
