

Now Kith

Free Throw

Oh, we were the best of friends
And after all of this
I'm on my own again

I told you how I felt
"I feel the same." you said
But then I let us drift apart
I should have kissed you when I had the chance

- All... all these stupid calendars and photo collages...
- And pillowcases.
- Is that too much, do you think?
- No, I... I... I'd like it.
- "Dreaming of you." What was I thinking? Should have written "I'm your worst nightmare."
- Or "I don't sleep because I'm obsessed with you."
