

## Catch a Train

Free

Catch a train to my place  
Call me when you get into town babe  
I'm gonna meet you at the station, oh yeah  
You can tell me why you're feeling down

Is it you mother, though she tends to shout a bit  
But she's got her problems too and I just don't doubt it  
Baby your father, I know he's always drinking  
Most of the time he don't even know what he's doing

Now baby catch a train to my place  
Call me when you get into town, yeah  
Gonna meet you at the station  
You can tell me why you're feeling down

I can't imagine  
Why you're feeling so alone  
It's just a week since I saw  
Baby why are you crying so?

All you got to do is catch a train to my place  
Call me when you get into town  
I'm gonna meet you at the station, oh  
You can tell me why you're feeling down

Baby, baby catch a train to my place, yeah  
Call me when you get into town  
I'm gonna meet you at the station, oh  
You can tell me why you're feeling

Ah baby why you're feeling down?  
Down, down, down, down  
Why don't you come around?  
Why don't you catch a train?  
The midnight train's all right
