

Rockin Radio

Freedom Call

Power metal, gothic, doom
Heavy metal screams
On the radio, rockin' radio

Thrash, black, death and core
High speed drum attack
On the radio, rockin' radio

The frequency's the secret
The secret of sound
If you're cranking up your speakers
You can shout it out loud

We don't play rap and hip hop... we play rock'n'roll

Rock, rock the nation
Tune in for the show
Welcome to this happy metal radio show

Rock, rock forever
Be part of us all
Visit our heavy metal rock'n'roll show

We don't play rap and hip hop
We don't play rap and hip hop

Faster than the speed of light
A symphony on air
On the radio, rockin' radio

Progressive and alternative
Nu metal and a little punk
On the radio, rockin' radio

The frequency's the secret
The secret of sound
If you're cranking up your speakers
You can shout it out loud

But rock music and metal!

Jump in their rollin' train
To all the world big stages
Let it out and scream
