

## Tears Falling

## Freedom Call

Tonight - before the day begins another game  
It's time for us to break away from shame  
All these false illusions everywhere  
In dreams we' re loosing our despair  
We have to search for new horizons

Curios - Voices talk to us  
Telling tales too us  
Let us fly

All the roads that lead to nowhere  
In circles we run around  
Madness we have found  
And we' re running  
out of clarity  
All these things that seem to be  
We have turn away this nightmare

Furious - Freedom calls for us  
Rising more in us  
For our life

When tears are falling strangers calling  
They will take us somewhere far from time  
When tears are falling strangers calling  
See the sun will rise for us again

So I close my eyes to ease the pain  
Realize that I' m not insane  
And will fly away forever

Glorious - Pain has has gone from us  
Peace for all of us  
In our minds

When tears are falling strangers calling  
They will take us somewhere far from time  
When tears are falling strangers calling  
See the sun will rise for us again
