

Under the Spell of the Moon

Freedom Call

Under the spell of the moon
Oh, I wonder, I forget
I hear the voices of darkness
I surrender, I give up

I'm chasing a dream, alone in the night
Glistening in the dark
I'm chasing a dream
Glistening in the dark

Under the spell of the moon
I'm dancing in the dark
I'm embracing the night
Into the shades of my doom
I let myself fall into the dark

I am a lonesome maroon
I'm abandoned, I'm insane
Under the black wings of darkness
I wander, I move on

I'm chasing a dream, alone in the night
Glistening in the dark
I'm chasing a dream
Glistening in the dark

Under the spell of the moon
I'm dancing in the dark
I'm embracing the night
Into the shades of my doom
I let myself fall into the dark
