

# Baby, Baby Come Home

Freedy Johnston

{Chorus 1}

Baby baby come home  
And I'll be here waiting for you  
You've been gone so long  
And this house is breaking in two  
Baby baby come back  
And walk right through that door  
Put your face up to mine  
And hold me in your arms

{Verse 1}

Way up alone on this hill  
In the house we built for two  
Sitting here in night  
Wondering what I did not do  
I built that fence out of stone  
That I cleared from every field  
You went to town and you're gone  
Like the wind blowing through the trees

[Chorus 2]

Baby baby come home  
And I'll be here waiting for you  
At the end of the winding path

Where the road from town comes through  
Baby baby come back  
This is your happy home  
I gave you all that I had  
And I won't make it alone

{Chorus 1}

Baby baby come home  
And I'll be here waiting for you  
You've been gone so long  
And this house is breaking in two  
Baby baby come back  
And walk right through that door  
Put your face up to mine  
And hold me in your arms

[Outro]

Baby baby come home  
Baby come home  
Baby baby come home  
Baby come home  
Baby baby come home  
Baby come home  
Baby baby come home  
Baby come home
