

Down in Love

Freedy Johnston

Down inside I feel the morning, still too dark to see
Down in love I know they're wakin'
No more dreams for me

Down to the street with an early shakin' (down in love)
Down to the park but the park ain't open (down in love)
Down so far you must be jokin' (down in love)

No more dreams for me

The day breaks down and cries a river, sucks me to my heart
Down in love I know they're laughing, tearing us apart

Down to the docks where the wind is blowing (down in love)
Down in the rain the cold and soaking (down in love)
Down so far you can't be broken (down in love)

No more dreams for me
No more dreams for me

Down to the street with an early shakin' (down in love)
Down to the park but the park ain't open (down in love)
Down so far you must be jokin' (down in love)

No more dreams for me

Down to the street with an early shakin'
Down to the park but the park ain't open
Down so far you must be jokin' (down in love)

No more dreams for me
