We Will Shine

Freedy Johnston

Get your red dress on, we'll go out tonight
Where the blue light's right, we will shine, we will shine
Get your red dress on, we'll go out tonight
We will shine, we will shine

We will shine like the stars
Winding down with the hours
I will shave in my sleep
I will dream in my shower
I brought you here
But you don't complain
And I find you crying on your birthday

Get your red dress on, we'll go out tonight

We will shine, we will shine, we will shine

When I met you when
Down on what's that street
How you knew my name
Why I wake up there sometimes still

Now I'm five days tired
And I'm twenty years poor
And I'm sorry about your flowers
I guess I slammed them in the door
Well I brought you here
But you don't complain
And I find you crying on your birthday
