

## Get with Me

### Freestyle

Baby, i know where you wanna be tonight  
Baby, i can see it when i look into your eyes  
they tell me no lies (i want some sugar and spice)  
And i can feel the heat come off you  
don't think you know i'm thinking of you  
boy, i can see right through your disguise  
So i'll say to you  
what i wanna do  
wanna hold you, oh so strong  
(wanna hold your body, baby, oh so strong)  
So i'll say to you  
what i'm gonna do  
gonna hold you, all night long  
(i'm gonna hold your body, baby, all night long)  
(gonna hold your body oh so tight,  
make you feel right, all night)  
I know you wanna get with me  
so set your body free,  
and let it flow (baby, let it flow)  
baby, there's just one thing you've got to know  
(baby, you excite me)  
I know you wanna get with me  
so set your body free  
and let it ride (baby, let it ride)  
baby, i know where you wanna be tonight  
(here inside me)  
So stop waiting  
there's no sense in hesitating  
'coz i know exactly what you desire  
Baby, i'm here (i'm here)  
baby, have no fear (have no fear)  
won't you take me right into the fire  
So i'll say to you  
what i wanna do  
wanna hold you, oh so strong  
(wanna hold your body, baby, oh so strong)  
So i'll say to you  
what i'm gonna do  
gonna hold you, all night long  
(i'm gonna hold your body, baby, all night long)  
(gonna hold your body oh so tight,  
make you feel right, all night)  
I know you wanna get with me  
so set your body free,  
and let it flow (baby, let it flow)  
baby, there's just one thing you've got to know  
(baby, you excite me)  
I know you wanna get with me  
so set your body free  
and let it ride (baby, let it ride)  
baby, i know where you wanna be tonight  
(here inside me)  
I know you wanna get with me  
so set your body free,  
and let it flow (baby, let it flow)  
baby, there's just one thing you've got to know  
(baby, you excite me)

I know you wanna get with me  
so set your body free  
and let it ride (baby, let it ride)  
baby, i know where you wanna be tonight  
(here inside me)  
Ooh wah ooh  
wah ooh wah ooh  
ooh wah ooh  
wah ooh wah ooh  
I know you wanna get with me  
so set your body free,  
and let it flow (baby, let it flow)  
baby, there's just one thing you've got to know  
(baby, you excite me)  
I know you wanna get with me  
so set your body free
