

Surrender You

Freestyle

I watch you fall asleep
With your hand in mine
I hope you dream of something sweet and wonderful this time
I'll be right here, I
Ain't goin' nowhere, no
Is this really happening
Is this all for real?
It hurts too much to see you hurtin'
That I can't even feel
Take it away... Please?...
Can you make it all okay?

In between the tubes and tears
Memories rush from all the years
Years that have gone by like they were nothing
Now I'm drowning in this fear
I don't know how to live without you here
I'm on my knees, beggin' please
As I pray...

No, I, don't wanna let go
I don't wanna let you go
No, I don't, know how to let go
Coz, you're the only life I know
I just wanna put you back together
And make you feel all better...
And, no, I, don't wanna give up
Isn't there another way?
Can't believe, how, you can still smile
While I watch you slipping away...
How do I let go of forever
How do I surrender you?

Miracles do happen
You taught me to have faith
You also said they happen in
So many different ways
I need one right here. Please?
Can you make this go away?
Can we just trade places?
I wish it all the time
You fade with every breath you take
I wanna give you all of mine
Oh, I ...just wanna wake up
And find everything's alright

In between the tubes and tears
Memories rush from all the years
Years that have gone by like they were nothing
Now I'm drowning in this fear
I don't know how to live without you here with me...
I don't wanna face...
Tomorrow with you gone...

No, I, don't wanna let go
I don't wanna let you go
No I don't, know how to let go

Coz, You're the only life I know
I just wanna put you back together
And make you feel all better...
And, no, I, don't wanna give up
Isn't there another way?
Can't believe, it's, happening now
You're slowly slipping away...
I don't wanna let go of forever
How do I surrender you?...

And, no, I, don't wanna give up
Isn't there another way?
Can't believe, how, you can still smile
While I watch you slipping away...
How do I let go of forever
How do I surrender you?

How do I surrender... you?
I don't know how to do it, no...
I'm never gonna let go of forever...
How do I surrender you?
