

## Cocaine White

Freeway

Pulled up to the dealer to get my wheels right  
Homie asked me what color I like  
I wanted cocaine white (That's Right)  
I wanted cocaine white  
He said, "Half a milli," that's about right  
Pulled out five, cash  
Told him, "Shine it up nice" (That's Right)  
No, that's cocaine white (That's Right)  
Cocaine White

Uh, yeah  
The games on and I've been here scorin'  
I've been world tourin', I've been Clear Portin'  
Get to the cash fast like I'm Flash Gordon  
Sick bling, six rings like I'm Air Jordan  
Before all the Phantoms, Beamers, and Porsches  
We was pushing Christine, we was less fortunate  
The way I rose from the bottom, the people oughta pay me  
Fried rice type, sugar water baby  
From the hood, all my G's got felonies  
They couldn't make it to the Army or the Navy  
Real spit, I used to live a low-paid life  
That's why I need that whip cocaine white

This is business, never personal  
Either they put you in park or they reversin' you  
That cocaine white  
Been told you that them folks ain't right  
Keep talkin' to the Feds, they ain't post that, riiiggght?  
I'm Eazy-E with the flame thrower  
Disowned by my Moms, a cocaine grower  
I'm on the box of Arm & Hammer though  
Still the youngest in charge, I let the hammer go  
I keep bitches for the long runs  
And I fuck 'em in two's and make all cum  
Krills mania, got 'em in Pennsylvania  
For the low, one block poor fella gave me, bra  
North side, stand up

## Cocaine White

Yeah, we was young bucks, tryna get our bucks right  
We was grindin', we was yawnin', we was up nights  
Uh, graduated from the thug life  
Need that foreign, same color as Trump's wife  
Presidential the wrist, homie, it's necessary  
He legendary, it's detrimental to bet against him  
Just know we got the weapon, forever it's with him  
White whip, White House, I just need a Lewinsky  
Always great, when I link with my people from Cali  
Y'all niggas got talent, but we are the gifted  
Free flow champagne every time that I spit it  
Penthouse, car lift, you know it's a ticket

Not a wrinkle on my shirt (No, no)  
Not a speck on my shoes (Uh uhh)  
Do what it do (No)  
Long as it's cocaine white (That's right)
