

# I Just Realized

Freeway

And we're definitely gonna rock y'all  
People always see us and they wondering what we like  
Same in the night time, same in the daylight  
Y'all rappers like a broke MAC, you don't spray right  
We're getting money, we ain't worried about what they like

I just realized  
That I like those thighs  
I'm a P-I-M-P in real life  
I just realized  
That I like those thighs  
I'm a P-I-M-P in real life  
I just realized  
I just realized  
That I like those thighs  
I'm a P-I-M-P in real life  
I just realized  
That I like those thighs  
I'm a P-I-M-P in real life  
I just realized  
That I like those thighs  
I'm a P-I-M-P in real life

Listen baby, I just realized that I like those  
Thighs, stomach flat, and the Doc ain't give you lipo  
Why are you teasing me if pleasing me ain't in the cards?  
Please don't open up them thighs if they might close  
Professional, I can rock the mic with my eyes closed  
Investigator, let me hit that coochie with the lights on  
My decibels up, if y'all people all about dough  
Might make it to the mansion just depending how the night go  
Psycho, I don't like no niggas, just women  
Like I'm golfing out here searching for the right hole  
Cycle, I go, Michael  
Nigga Jordan, Jackson, Tyson, or whatever Mike you might know

I just realized  
That I like those thighs  
I'm a P-I-M-P in real life  
I just realized  
That I like those thighs  
I'm a P-I-M-P in real life  
I just realized  
That I like those thighs  
I just realized  
That I like those thighs  
Yeah, yeah, I love those thighs  
Yeah, yeah, yeah  
I'm a P-I-M-P in real life  
I just realized  
That I like those thighs  
And we was pushing real white  
I just realized  
That I like those thighs  
I just realized  
That I like those thighs  
I'm a P-I-M-P in real life

I just realized  
Do it for the P-I, do it for the M-P  
That I like those thighs

Yeah, ain't gonna come around me every day  
I'm a full-grown blooded man  
I'm just being honest

I don't need no admission, bitches get early dismissal  
Call them my sons but no children  
I go parlay with the principals  
OSG keep it critical  
Look from outside so no touch  
I'm a Libra, we keep scaling it up  
I did it justice, they're just not enough  
Now bitch bust it real wide on my gun  
The bag get claimed, I'm in my Rimowa  
That's why they're pulling me over

I just realized  
That I like those thighs  
I just realized  
That I like those thighs  
I just realized  
That I love your thighs  
And you gotta feel the vibe
