

We Dangerous

Freeway

Ya know, sometimes, ya know everyone has to evolve at their own pace
Can't judge em, just have to be patient
Patience is a virtue
In time reveals itself
Every now and again, you find a friend
That evolves at the same pace as you
You'd be surprised at who it is
But you can never not embrace when generals, act like generals
Generals only
To win the same war, you clique up
And that's what you see and we're doing
We doing it
Cha yeah!
Yeah! Yeah!

Culturally we don't stick together
That's a visual we never see
But we're aware of the problem, it's all a trick
But now that we see
We're gonna change things
We are not the question, we are the solution
And we're gon' clean up the pollution
Yeah!

United we stand, divided we fall
We are the solution, for the pollution
United we stand, divided we fall
We are the solution, for the pollution
Cha yeah!

Ya'll don't really want to play games with us
Ya'll don't really want no smoke with us
Ya'll don't really want to throw flames with us
Don't ya'll know that we dangerous
Ya'll don't really want to play games with us
Ya'll don't really want no smoke with us
Ya'll don't really want to throw flames with us

Thinking that ya'll can fuck with us
Trauma is really no fuss to us
Don't y'all know that we dangerous

We'll flame you fucks
Really wouldn't take much to get you bastards touched
Better pick out 6 friends to pick your casket up
We dangerous, we dangerous
It really ain't safe to play no games with us
Hope your mommy and your daddy got your grave picked out
Hope your boss got someone to pick your dayshift up

United we stand, divided we fall
We are the solution, for the pollution
United we stand, divided we fall
We are the solution, for the pollution

Cha yeah! Don't ya'll know that we dangerous

United we stand, divided we fall
Fight the hate, cause the love overpowers all
We was in and out of state, bout to break the law
Trying to flip a couple cakes, shut down the mall
Yeah, but we switched occupations
We teaching it's about education
Trying to see a smile on a kid's faces
You ain't winning until you schooling younger generations
Dame a mogul, and I'm a mogul in the making
Winter home in Winter Haven, summer home is in Jamaica
Crazy thing is, we did it all without a label
Came a long, long way from trapping out the Winnebago
So blessed, I connected back with Dame
He made State Prop 2, that's the first time I'd been on cable
He called on willing and able
And everybody know Philly **** tell the truest fables

Ya'll don't really want to play games with us
