Y'all know what time it is!
And y'all know how we carrying it
We ain't doing too much, we just carry
Black Guns
Big FTA
Y'all know how we carrying it

Hey! Hey! They know we don't play
She gave us the box, and we don't pay
Hey! Hey! They know we get dough
Hey! Hey! They know that we CEO's
Hey! Hey! They know we don't play
She gave us the box, and we don't pay
Hey! Hey! They know we get dough
Making hella pay! They know that we're CEO's

Ladies and gentlemen, all your rapper friends
They know I'm ahead of 'em, fans out in Pakistan
And the Netherlands
Yelling we are aware of them
I grabbed the S-Class and another Benz
And no I'm not sharing 'em
I keep the straps near
For my real oops
If they cross me, I'm airing 'em
I made a dirty M on a clean block
Then took it out Maryland
Freezer and Dame here, we're the real ROC
I be spitting that heroin
If you thinking 'bout airing 'em
You better really prepare for 'em
Muslim but Afro-American
Traffic and yayo in back of the caravan
I'm taking snaps like the cameraman
I'm carrying tools, I'm the hammer man
I roll with snipers, I'm on Cypress
Hill yelling I could just air a man
We getting dough, I'm a cash cow
Put me on stage, I'ma grandstand
I'm in a Benz, not a Trans Am
Out of the park, it's a grand slam
I cannot hear what your man's saying
I'm in the air where the birds are
We 'bout to land over Saudis
We over there sipping Zam-Zam
Trust me, they know I'm the man
Drums and sticks like I'm making the band

Hey! Hey! They know we don't play
She gave us the box, and we don't pay
Hey! Hey! They know we get dough
Hey! Hey! They know that we CEO's
Hey! Hey! They know we don't play
She gave us the box, and we don't pay
Hey! Hey! They know we get dough
Making hella pay! They know that we CEO's
