I didn't understand your plea to live
Or the guy's wish to take or give
However, as backing away, he fell and lay dead amongst the fire
works display
It's not quite the way to say your goodbyes
It's not quite the way to behave
Secured you a concrete grave beneath a motoway
Gold scissors cut the ribbon
And set them loose
On the opening day the vibrations will shake your bones but tha
t's just the disadvantage of
not speaking a second language
(The problems and bad reception resulting in blurred perception
)
