

## Oh Fine

### French Kicks

Love you lately  
Though you drive me crazy  
But I'll bet it's alright  
But I'll bet it's alright

Well we entertain it  
Well I'm ...  
And the planets align  
Girl, I'll make up my mind  
No, no, not I

I don't have that sense  
I don't see at all  
I will write it down  
And fight it out

We'll be fine

Beautifully  
Put it beautifully  
Girl, you'd say we've arrived  
And you're coming alive

But it ended into this  
We've been facing your fears  
Now I'm neck-deep in mine  
Thought I'd take back my time now

Only when I'm shaking  
Then my time is taken  
I will write it out  
And find it out

All the way we'll make it  
Always stop to hate it  
I won't mind that I  
Don't time it

We'll be fine
