

# Groupie Love

French Montana

Show me groupie love, show me groupie love  
I'm looking like the plug, I'm looking like the plug  
Show me groupie love, show me groupie love  
I'm looking like the plug, I'm looking like the plug  
Show me groupie love

Smoking on the Grand daddy like it's hookah  
Stack the paper tall baby, like Manute  
Under the mattress, foreign actress in the Hoover  
All my riders aim the young shooters  
You tryna start  
Got my mom racing Wraith double parked  
Smoking on the bar money like a winner  
Pull up to the club looking like a dealer  
Every time tryna curse, she ain't tryna leave  
Hold your breath for us  
You fly, you'll never breathe  
Carbon fever, I don't wanna need her  
AP from Geneva, I came with a Visa  
I pull up in foreign cars baby chopped doors  
Fully loaded cause them diamonds cost  
Get lit, count money all day now  
From the cars to the boat to the plane now  
Gone see the same faces on the way down  
Gon' stand up or lay down

Groupie love, show me groupie love  
I'm looking like the plug, I'm looking like the plug  
Show me groupie love, show me groupie love  
I'm looking like the plug, I'm looking like the plug  
Show me groupie love

Quavo!  
Your hoe show me groupie love  
She say she really not a groupie  
She say she really never do this  
Tom Cruise, make a movie  
Pussy water like jacuzzi  
Double cup, purple fluid  
Getting head to my music  
Yo, yo yo  
She wanna fuck Migos Montana, lil' bitch  
Say yo  
If three of them wanted me, three of them know it ain't fair  
She never did perc and I asked her  
She wanna say yea  
I'm only in town for one night, baby this dick rare  
You wasn't there when I met the plug  
50 bands in a white bag, 50 bands in white bag  
Move the work in a white Jag  
Every other city we go, we go  
Every other city we go, we go  
No matter where I go  
I see the same ol' hoe  
I came from kickin' in doors  
In the bando juggin' bowls  
My life really was a movie

Groupie love, nigga need some more  
And when I'm geekin' don't blow a nigga  
She talk about it, better show a nigga  
She wanna Snapchat and take a picture  
I took her phone and put her on a mission

Groupie love, show me groupie love  
I'm looking like the plug, I'm looking like the plug  
Show me groupie love, show me groupie love  
I'm looking like the plug, I'm looking like the plug  
Show me groupie love
