She a bad lil' bitch, she a big tease  
She a bad lil' vibe, she got big dreams  
Make it shake, do it right for the big screen (Woah, woah)

Said she want the carats, got a big feast  
She play the D like a player from the big east  
And she came through rollin' with a six piece  
Countin' face blue hundreds from the sixties  
She want it, I got it, no lease, I bought it  
She saw my name on that Bugatti (Montana!)  
She wanna striptease in the Royce  
I'ma snipe her down like a pin from Detroit

And he heard I ride that dick like a six speed, leave him knock kneed  
And save that trippin' for yo bitch 'cause that's not me
