French The Kid

Don't play with my feelings, oh no, not again, no
Only say it if you mean it, only if you mean it
Don't play with my feelings, oh no, not again, no
Only say it if you mean it, only if you mean it (Benji)
Don't play with my feelings, oh no, not again, no (How's your love life?)
Only say it if you mean it, only if you mean it
Don't play with my feelings, oh no, not again, no
Only say it if you mean it, only if you mean it

Feelin' antisocial, I'm on single player
I've been spinning 'round in circles, feelin' upside down
Trappin' out the studio, you'll find me there
Got some gangsters in my circle turn you inside out

Trips, I've been overseas
Flipped on a couple G's
Frenchie, I can show you 'round
Yeah, I trip off the melody
Shit, that's my remedy
Floatin' on my wave, don't drown

We presidential, hope my brothers don't get lost in the street
I need a lawyer, paranoia's how I'm fallin' asleep
She loves la cocaína, gasolina taste on her teeth
My clique some gangsters, but we're bankers if police don't believe
And when my bro got sectioned, swear it hit emotionally
Ain't 'bout no monsters, but my conscience wants my mind to be free
Bro's wippin' yola, but one day I know the coca will leave
This life so crazy, but my baby knows I'm tryin', you see

Feelin' antisocial, I'm on single player
I've been spinning 'round in circles, feelin' upside down
Trappin' out the studio, you'll find me there
Got some gangsters in my circle turn you inside out

Trips, I've been overseas
Flipped on a couple G's
Frenchie, I can show you 'round
Yeah, I trip off the melody
Shit, that's my remedy
Floatin' on my wave, don't drown

Anywhere you wanna go, just know I'm right behind
Any time you're feelin' low, just know that I'll be by your side
I don't care who's right or wrong, I'll play my final song
I'm in the club, my glasses on and I'm still feelin' high
With my G's, sendin' packs to robbin' trees
Servin' cats to grabbin' keys, I've seen some things you won't believe, yeah
, yeah
With my G's, sendin' packs to robbin' trees
Servin' cats to grabbin' keys, I've seen some things you won't believe, yeah
, yeah
