

Remind You

Frenship

Southern bill, I'm northern and we both have travelled far
We have made a fortune in each others arms
Holding onto moments, in a moment they will pass
I could do this every day

Are you ever gonna leave my side?
When the years add up and my chin falls down
Will you stick around?
Are you ever gonna leave my side?
When the years add up and my hair falls out
Will you stick around?

Let me remind you if you don't know what I'm feeling
And I'm right beside you 'cause I could do this everyday
Let me remind you if you don't know how I'm feeling
And already decided that I could do this everyday

There's no need to hurry to get to the unknown
And you don't have to worry when you look way down the road
And if you have to question where this thing will go
Just know I could do this everyday

Are you ever gonna leave my side?
When the years add up and my chin falls down
Will you stick around?
Are you ever gonna leave my side?
When the years add up and my hair falls out
Will you stick around?

Let me remind you if you don't know what I'm feeling
And I'm right beside you 'cause I could do this everyday
Let me remind you if you don't know how I'm feeling
And already decided that I could do this everyday

Keep on dancing and don't stop moving
Keep the rhythm in between us
Keep on dancing, don't stop moving
Keep the rhythm between the both of us

And if the day calls when you're falling
I will hold you by my side
And if the day calls when you're falling
I will hold you by my side

Let me remind you if you don't know what I'm feeling
And I'm right beside you 'cause I could do this everyday
Let me remind you if you don't know how I'm feeling
And already decided that I could do this everyday

Keep on dancing and don't stop moving
Keep the rhythm in between us
Keep on dancing, don't stop moving
Keep the rhythm between the both of us
