

Well I've been down to the graveyard
And I came back from the dead
Have burns from your halo
Where I held you in my hands
I've ran from your tender
And I've made love to your bones
In the dead of winter
I've been left without your warmth

I can't keep on waiting on forever
Waiting on forever
Waiting on forever, no

I run to you
No matter the distance
I'll make my way back
And you I've held onto
Because I want to
And there's no turning back

Well I found peace in the silence
And I get lost in the crowd
When the leaves were falling
Well you further took me down
I don't have all the answers
And I sure as hell don't know
What makes a lover
The one to not let go

I can't keep on waiting on forever
Waiting on forever
Waiting on forever, oh

I run to you
No matter the distance
I'll make my way back
And you I've held onto
Because I want to
And there's no turning back

The sun is setting, slowly sinking
To let the stars align
I'm waiting patient
Thoughtfully thinking 'bout you and I
