

Swim

Frenship

Oooh

So unexpected
How we grew up
Back in the kitchen
When it starts to rain again
We skinned our knees
And found some luck
Still when we fall
We start to bleed

I've been cooped inside
Not what you thinking of
Left to my own device
But it's not enough
Now it's pouring
And the cracks are caving in
Hold the river while I take a swim

Oooh

Amidst the hurry
We never stop
Take a breath
We're broken open
Familiar faces
That we forgot
Out in the rain
The colors jump

I've been cooped inside
Not what you thinking of
Left to my own device
But it's not enough
Now it's pouring
And the cracks are caving in
Hold the river while I take a swim

Oooh

Headed to the woods, pretty one
I don't want to die with a loaded gun
Headed to the woods, with the wolves
I don't want to die with a loaded gun

Hold the river
(Swimming, swimming)

I've been cooped inside
Not what you thinking of
Left to my own device
But it's not enough
Now it's pouring
And the cracks are caving in
Hold the river while I take a swim

I been swimming in my head

It's time to leave home
Fully loaded shotgun
I need to get goin
I been swimming in my head
It's time to leave home
Out of my head
Swim out of my head

To the woods, pretty one
I don't want to die with a loaded gun
To the woods, with the wolves
I don't want to die with a loaded gun
