

The Curse

Frenship

I wake up ready to pick a fight
So deep in us but there's no end in sight

We break up almost every night
It's at the point where the habit's gone bad

We push and we pull 'til we both go mad
But we don't wanna lose everything we have

Maybe it's the midnight moonlight
Or Maybe it's the fourth glass of Cabernet
It's like I'm seeing you for the first
And I can't bring myself to look away

I'm in love
I'm in love
I'm in love
I'm in love
I'm in love
With you

I'm in love
I'm in love
I'm in love
I'm in love
I'm in love
With you

You were right and now there's nothing left
We tow the line and walk on razor's edge

Fragile ties, a million running deep
Holding on to what we should've said, we can't sleep

Hey we're fighting because we care too much
But nobody's giving up

It's the midnight moonlight
Or Maybe it's the fourth glass of Cabernet
It's like I'm seeing you for the first
And I can't bring myself to look away

I'm in love
I'm in love
I'm in love
I'm in love
I'm in love
With you

I'm in love
I'm in love
I'm in love
I'm in love
I'm in love
With you

If your heart don't ache are you really in it, in it?

When you feel that pain then you know you're living, living

If your heart don't ache are you really in it, in it?

When you feel that pain then you know you're living, living

I'm in love

I'm in love

I'm in love

I'm in love

I'm in love

With you

I'm in love

I'm in love

I'm in love

I'm in love

I'm in love

With you

You'll never be alone, you'll never be alone

I'll never be alone

You'll never be alone, you'll never be alone

I'll never be alone

Cause we're in love, we're in love

We're in love, we're in love, we're in love
