

# Won't Let You Go

Frenship

Every little sweet, sweet nothing  
I only ever spent on you  
You can chalk it up to half-ass loving  
My intentions never made it through

Cause I won't let you go

Leave you with that high tide feeling  
Cause dinner wasn't made for two  
I get caught up in the hustle shuffle  
But my love was always made for you

Cause I won't let you go  
Cause I won't let you go

Oh I won't let you go  
Oh I won't let you go  
Oh, oh, oh, oh

Trudging through all the stupid  
Puzzles that we left undone  
Memories from the kitchen table  
Let me know that you're the one

Cause I won't let you go  
Cause I won't let you go

Oh I won't let you go  
Oh I won't let you go  
Oh, oh, oh, oh

I don't wanna lose you, never give up  
Not gonna leave when the going gets tough

Oh I won't let you go  
Oh I won't let you go  
Oh, oh, oh, oh
