Please Go over There

Frenzal Rhomb

Whatever you do you should get outta this town
I'm on an aeroplane, you're only fuckin' insane
What do you do? What do you see?
What do you want to be?

I've got a two inch screen mother fucker get out
Off the street and into the fight

I'm home again
Sing to the mountain
Mother fucker get out
Gonna shove your face
Against the human race
So just get outta my hair
Before I go fuckin' spare
Please go over there
