

Dancing In A Hurricane

Freya Ridings

Standing still for you, woulda killed for you
Had your grip on my skin, you were tearing me down
Tearing me down
Purple rain falling, hear my name calling
You were mine till the time you were letting me drown
I'm crying out

Forgetting your name
Is the sweetest taste

I wanna feel all the love that I can face
I wanna dance in the eye of a hurricane
Oh, oh
I wanna live on the edge, forget this pain
Don't wanna wait for the sun to rise again
Oh, oh

Dancing in a hurricane
Dancing all the pain away
Dancing in a hurricane
Oh

And all the chaos, it couldn't save us
It was a cage, your embrace, but I'm breaking out
I'm breaking out

So forgetting your touch
Is the greatest rush

I wanna feel all the love that I can face
I wanna dance in the eye of a hurricane
Oh, oh
I wanna live on the edge, forget this pain
Don't wanna wait for the sun to rise again
Oh, oh

Dancing in a hurricane
Dancing all the pain away
Dancing in a hurricane
Oh

Oh, oh, oh, oh-oh-oh
Oh, oh, oh, oh-oh-oh
Oh, oh, oh, oh-oh-oh
Oh, oh, oh, oh-oh-oh

I wanna feel all the love that I can face
I wanna dance in the eye of a hurricane
Oh, oh
I wanna live on the edge, forget this pain
Don't wanna wait for the sun to rise again
Oh, oh

Dancing in a hurricane
Dancing all the pain away
Dancing in a hurricane
Oh
