

## Eastside

Freya Ridings

When I was young, I fell in love  
Used to hold hands, man, that was enough  
Then we grew up, started to touch  
Kiss underneath the light on the back of the bus  
I know your daddy didn't like me much  
He didn't believe me when I said you were the one  
Oh, every day he found a way out of the window to sneak out late

He used to meet me on the Eastside  
In the city where the sun don't set  
And every day you know that we ride  
Backstreets in a blue Corvette  
Baby, I just wanna leave tonight  
We can go anywhere we want  
Down to the coast, jump in the sea  
Just take my hand and come with me

We can do anything if we put our minds to it  
Take your whole life then you put a line through it  
My love is yours if you're willing to take it  
Give me your heart 'cause I ain't gonna break it  
Come away, starting today  
Start a new life, together in a different place  
Love is how all these ideas came to be  
So baby, run away with me

Seventeen and we got a dream to have a family  
A house and everything in between  
And suddenly we turned twenty-three  
Now we got pressure for taking our life more seriously  
We got our dead-end jobs, got bills to pay  
Our old friends are now our enemies  
And now I'm thinking back to when I was young  
Back to the day when I was falling in love

He used to meet me on the Eastside  
In the city where the sun don't set  
And every day you know that we ride  
Backstreets in a blue Corvette  
Baby, I just wanna leave tonight  
We can go anywhere we want  
Down to the coast, jump in the sea  
Just take my hand and come with me

Singing we can do anything if we put our minds to it  
Take your whole life then you put a line through it  
My love is yours if you're willing to take it  
Give me your heart 'cause I ain't gonna break it  
Come away, starting today  
Start a new life, together in a different place  
Love is how all these ideas came to be  
So baby, run away with me

Run away, now  
Run away, now  
Run away, now  
Run away, now

Run away, now  
Run away, now  
Run away, now  
Run away, now  
Run away  
Run away  
Run away now  
Run away now  
Run away  
Run away, oh  
(Run away)

He used to meet me on the Eastside  
In the city where the sun don't set  
And every day you know that we ride  
Backstreets in a blue Corvette  
Baby, I just wanna leave tonight  
We can go anywhere we want  
Down to the coast, jump in the sea  
Just take my hand and come with me

We can do anything if we put our minds to it  
Take your whole life then you put a line through it  
My love is yours if you're willing to take it  
Give me your heart 'cause I ain't gonna break it  
Come away, starting today  
Start a new life, together in a different place  
Love is how all these ideas came to be  
So baby, run away with me
