

## Ethereal

Freya Ridings

You are like  
Pure starlight  
Dancing through my veins  
It felt like  
Dark as night  
Til' you spoke my name

And you and I  
Felt our hearts collide  
If space and time  
All end tonight

All I wanted was  
You, you, you  
You, you, you  
All I do, do, do  
Is love you more  
Your love is ethereal

Crystal eyes  
Locked with mine  
As you touch my skin  
We are like  
Dynamite  
Slowly exploding

And you and I  
Are souls entwined  
Like fire and ice  
When the stars align

All I wanted was  
You, you, you  
You, you, you  
All I do, do, do  
Is love you more  
Your love is ethereal

And all I do  
Is love you more  
Your love is ethereal
