

One Step Away

Frickin' A

I'm down and losing faith
I can't catch a break
That's where I am

And everyday is longer it seems
And I'm losing my dreams
Along the way

The world can be so mean to me...

All I want
So much more
Like a place on the dance floor
I'm only one step away

And I'm falling apart
As I walk through the dark
I'm only one step away

I know I'm not blind
But I can't see a future
Unless I change my mind
Unless I decide

That all this comes right down to me...

And tomorrow's new day
And I'm fighting my way back again
As soon as I let me I'll prove this is all in my head

'cause I want
So much more
like a place on the dance floor
I'm only one step away
And I'm falling apart
As I walk through the dark
I'm only one step away
