

Heart Of The Country

Frida

A candle burns in the heart of the country
the flame fades though I see to it sadly
it takes me further away than I have ever been

I wait and the darknes comes
I pray for my only one
and I wonder if you ever will see
this land again

We took this land and we brought it goodness
it's taken everything and left only emptiness
I am not broken although I have the seeds in me

I wait and the darkness comes
I pray for my only one
and I wonder if you ever will see
this land again

I hide my face against the sun
I hide my fear from everyone
but I've had enough of secrets
they're all lies we're scared to tell
I just need someone to be with
I just need to say you fell

There's nothing out here but me and a whisper
and now it's failing I won't even listen
I watch the fall and it's time that I was leaving, too

I wait and the darkness comes...
