Fridayy

I'm not where I wanna be but I thank God im not where I used to be

I was fucked up feelin like the devil had a hold on me

Momma cryin when the rent due, you don't know the shit we been through

Wasn't nothin that I could do watched it rain on me

Took too much losses we were down

So we gon ball out every time we step out

Nadamean

It ain't nothin that I can't do

Look at all the shit I came through

Loss some niggas in the way but I'm still right here
