

## Carry You (Interlude)

Fridayy

And if you're getting weak  
I will carry you  
You know you can count on me  
'Cause I will see it through  
I will carry you  
I will see it through  
'Til the very end of time

And if you're getting weak  
I will carry you  
You know you can count on me  
'Cause I will see it through  
I will carry you

You know you can count on me  
'Cause I will see it through

I will carry you
